# Urban Crises Track at WUF11

**UN HABITAT**  
FOR A BETTER URBAN FUTURE

As part of its engagement to support cities in crisis response and recovery, UN-Habitat is a member and chair of the Global Alliance for Urban Crises. Visit [www.urbancrises.org](http://www.urbancrises.org) to find out more about the Alliance, engage on urban crises response, and access the Urban Crises Knowledge Hub.

Over the past decade, natural hazards and man-made disasters have become increasingly urban. Combined with recent shocks, including the massive disruption of the COVID-19 pandemic, this is manifesting in rising inequality, environmental degradation, and breakdown of the social contract. The devastating impact on cities is disproportionately felt by the most vulnerable, and are leaving some people and places behind.

Now more than ever, we need to build capacities for more effective urban crisis prevention, response, and recovery and empower mayors to be in the driver's seat as both first responders and visionaries who can accelerate not just recovery but transformation towards a better urban future.

The 11th World Urban Forum has for the first time introduced an Urban Crises Track, curating over 40 events that allow a broad sharing of knowledge and best practices.

We invite you to join us in these sessions as we work towards overcoming the challenges of urban crises, to accelerate the transformation towards a Better Urban Future!

Whether you are attending online or in-person, remember to register for WUF before 25 June 2022! [Click here.](#)
